### Cruise Ships Welcome

Cruise Ship Welcome As Mr. Kotter used to say on TV ... Welcome Back! Here at Ocean Surfari, we are so glad to see all our old friends from the cruise lines docking once again here in the Virgin Islands! What a year we've all had, and it makes us so happy to see the big boats coming back to the islands. The best charter fishing, snorkeling and sunset cruises in the Virgin Islands begin right here at Ocean Surfari, and we'll make sure you have the most fun,

the best thrills and still get you back to your ship on time for departure. What a great way to spend your shore time, aboard the Ocean Surfari snorkel boat, the Reef Surfari, spending time with sea turtles, tarpon and millions of tropical fish as you slip beneath the waves of some of the bluest waters and visit the most exciting reefs in the world. Don't forget to grab some of our iconic OS apparel from one of our [three area retail shops](#) while you're exploring St. Thomas and St. John!

### About Ocean Surfari - Reef Surfari Snorkel Excursions

Ocean Surfari offers inshore and offshore snorkeling and sport fishing adventures. Our boat departs from the breathtaking Red Hook Harbor on Saint Thomas or National Park Dock in Cruz Bay on Saint John. Visitors cruise over to St. John's National Park and the USVI's top snorkeling spots aboard the island's newest snorkel boat, the 47' 'Reef Surfari'. With more than 40 percent of Virgin Islands National Park underwater, our snorkeling adventures are one of the best ways to experience the amazing treasures of the underwater National Park. Our new boat is safe, fast, and offers the ideal transport to the area's most exciting, clear waters for snorkeling. The Reef Surfari is comfortable and spacious, with an abundance of shade on board. A snorkeling tour with our Ocean Surfari crew is highly exhilarating, yet relaxing, and is often the most memorable part of a Caribbean vacation.
